# Ant. APPEARANCE-GRADE RESAWN WHITE OAK

## RECLAIMED FLOORING – TIMBER FROM AGED STRUCTURES

The strength, durability, and availability of the massive Oak trees that populated the early American forests made it the go-to timber for barn and granary construction. The mighty Oak is as much a part of Americana as the barn itself. These planks are resawn from authentic reclaimed barn beams, resulting in cleaner, more uniform planks than that usual reclaimed Oak floor.

## DISTINCTIVE ATTRIBUTES

Our Antique Appearance-Grade Resawn White Oak hardwood wide plank flooring features a moderate, authentic mix of sound checking, sound cracks, knots and insect holes/tracks, together with same strength, durability and wear-resistance as our other reclaimed Oak options.
