

# Prefinished Grey Barn Siding

**100% RECLAIMED** – BARN SIDING with UNIFORM COLOR

The texture of naturally faded siding with the uniformity of an evenly coated surface. Every board undergoes a custom coating process that preserves its weathered character, rusty nail holes, deep grain texture, and weathered knots while adding consistency in color.

## AUTHENTIC BARN SIDING FROM OUR NATION'S PAST.

Olde Wood's reclaimed barn siding gives a completely unique look to any interior or exterior wall covering. This authentically recycled lumber is virtually maintenance free and has already stood the test of time having survived 100+ years of harsh weathering in the northeastern part of our nation. True beauty earned with age. Each board is individually inspected and graded to ensure durability, preservation and long life and a variety of finish options assure tasteful pairing with any residential, commercial, or retail project.
